Outdoor living at its finest

Kayu Batu is a carefully selected, Balau hardwood species that have been used for cruise ship decking and boat building for over 50 years.

Low Maintenance or no maintenance and competitively priced with plastic composites.

Available across Canada for decking, fencing, soffits, siding and interior hardwood flooring.

Kayu Batu has been specified in the following high profile commercial and residential projects across Canada:

- Devonian Gardens Downtown in Calgary
 - Memorial Poppy plaza in Kensington, Calgary
 - Riverwalk Project, East Village Calgary
 - Statesman Homes "Riverside Quays" in Calgary
 - The Penthouses at "La Caille on the Bow" in Calgary
- To many personal residences to list!

You can also see our product at the following restaurants & pubs:

- Teatro
- Jaroblue
- Hudson Tap Houses
- The Mercury
- Rocky's Burger Bus
